DETAILED ACTION

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 2-8 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 2, line 3, “its” and “it” is vague and indefinite since it is not understood what “its” and “it” refers to.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-8, 12, and 13 are rejected under 35 U.S.C. 102(b) as being anticipated by Kitamoto et al.

Kitamoto et al teaches a passenger seating unit having a seat with a base frame and main frame and ancillary furniture. The seating unit is attached to the floor of an aircraft via tracks that are not parallel to the seating unit. The seating unit also has a sleeping unit. See figures.
